

F.L. 5

Synthetic creep and fine oil

The benefits at a glance

- NSF-H1 registered
- Fully synthetic
- Capillary and surface-active
- Free of acids and resins
- Good cleaning effect
- Easy storage and handling
- No formation of residues
- Excellent wetting capacity

Properties

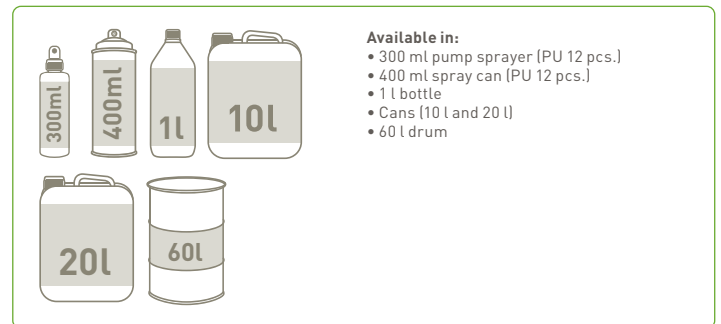

Rivolta F.L. 5 is a fully synthetic creep and fine oil which has especially been developed for the food industry. It consists of synthetic base oils and select additives which fulfill the strict demands of the food industry.

Form	liquid
Colour	colourless
Odour	neutral

Fields of application

- To release seized parts of all kinds, e.g. screw connections, hinges, joints etc.
- To clean oily and fatty parts
- As corrosion prevention for diverse components
- To lubricate precision instruments and pneumatic valves in maintenance units
- To protect the surface of stainless steel e.g. against fingerprints
