

M.T.X. Ultra

Power cleaner

The benefits at a glance

- Outstanding cleaning performance
- High product purity
- Economical and cost-saving
- High industrial safety
- Flash point > +60 °C (bulk)
- Versatile in use

Properties

Rivolta M.T.X. Ultra is a highly efficient cleaner based on synthetic substances which excels in its outstanding wetting effect. Its special combination of active ingredients allows a quick removal of anti-corrosion waxes, bitumen, tar, cracked greases and oils as well as of other tenacious contaminations which are infiltrated, penetrated and dissolved at the same time.

Fields of application

For the cleaning of machine parts and engine parts, tools, devices, gears, ball bearings, gear wheels, forklift truck chains, metal parts of all kinds, sheets, filters and many others more:

- Removal of corrosion protection waxes, bitumen and tar
- Removal of rubber residues
- Removal of glue and plastic residues as well as of 1-component lacquers (e.g. graffiti)
- Industrial parts cleaning and degreasing of surfaces
- Maintenance and servicing of production plants, motors, fittings and other machine parts and many others more

Material compatibility

Rivolta M.T.X. Ultra behaves neutrally to metals. It can attack paints, lacquers, plastics as well as natural rubber and similar types of rubber. The applicability of **M.T.X. Ultra** should be tested before use.

Instructions for use

Rivolta M.T.X. Ultra can be used in a great variety of cleaning procedures, such as e.g. immersion, washing, brushing or spraying.

Suitable application devices and accessories in our [accessories brochure](#).

Form	liquid
Colour	colourless
Odour	faint

	Value	Norm
Density at +15 °C (Bulk)	0,76 g/cm ³	DIN 51757
Flash point (Bulk)	> +60 °C	DIN EN ISO 2719
