

# S.C.F. Spray

A1-Degreaser

## The benefits at a glance

- NSF-A1 registered
- Mild smell
- Strong cleaning power
- Versatile in use
- Fast evaporation without any residues
- Also sprayable upside down

## Properties

**Rivolta S.C.F. Spray** is a special cleaner with a mild smell which evaporates without residues. Our product is based on a combination of highly effective substances and is characterized by a mild smell and excellent dissolving power against persistent contaminations.

To remove

- greases
- pastes
- oils
- wax residues
- processing fluids
- sticker residues
- etc.

Thanks to the spray head technology the spray quantity of **S.C.F. Spray** is limited to the amount of product needed for the cleaning process. Its evaporation rate is exactly coordinated with the required, application-related exposure time.

## Fields of Application

**Rivolta S.C.F. Spray** applies equally throughout the industry, in workshops, craft and commercial enterprises to clean and degrease engine and machine parts, bearings, gear wheels, cylinders, chains, guides, etc.

Because of the NSF-A1 registration **S.C.F. Spray** is the ideal product for cleaning tasks in all sectors of the food industry.

## Instructions for use

Please spray **Rivolta S.C.F. Spray** onto the contamination, let it act briefly and then remove the impurities. The aerosol can can also be used upside down. The powerful spray pressure supports the cleaning of hard-to-reach places.

Suitable application devices and accessories in our [accessories brochure](#).

## Material compatibility

**Rivolta S.C.F. Spray** is compatible with metals and most sensitive surfaces like plastics and lacquers.
