

Rivolta®

b bremer & leguil

S.K.E.

Special adhesive remover

The benefits at a glance

- Very high dissolving power
- High flash point
- For universal use

Rivolta

CASSIDA

VITROLIS

antidot.

Properties

Rivolta S.K.E. is based on substances that dissolve a wide range of sealant and adhesive residues. Among others, polyurethane adhesives, sealing and screw locking residues as well as one-component epoxy resin adhesives are dissolved. Our product can be used in various cleaning processes.

Material compatibility

The cleaner does not attack metallic surfaces. Before the use on plastic surfaces respectively lacquered surfaces we recommend to test the compatibility.

Form	liquid
Colour	colourless
Odour	weak

Instructions for use

In production processes the cleaner is to be applied to a lint-free cloth (soaking). Afterwards residues can be removed from the surfaces by wiping it off.

In the workshop the components which are to be cleaned are to be dipped in **Rivolta S.K.E.** After a certain exposure time the soft residues can be removed easily.

Suitable application devices and accessories in our [accessories brochure](#).

Available in:

- 10 l can

	Value	Norm
Density at +20 °C	0,98 g/cm ³	DIN 51757
Flash point	+90 °C	DIN EN ISO 2719
